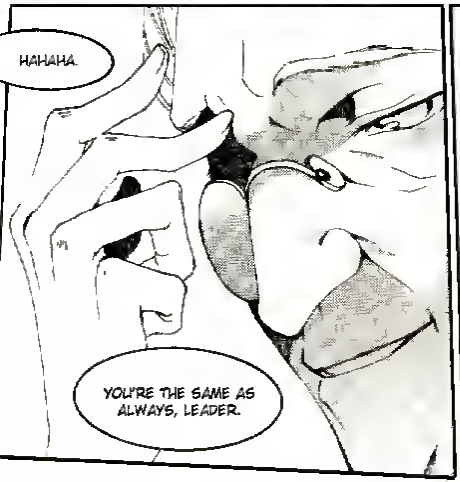
NOT A VERY COMFORTABLE DREAM, THANKS TO YOU
IT'S NOT MUCH BETTER THAN THE BEWITCHING SPELLS USED BY ENCHANTERS
EVERYONE, HOW DOES IT FEEL?
WHAT AN OLD TRICK

AN OLD TRICK.. HUH..
YES, I'VE ENCOUNTERED NUMEROUS TRICKS IN MY DAYS RUNNING FROM THE MAINLAND, BUT NONE AS REAL AS THIS.
EVERYONE KNOWS IT'S FAKE. THAT'S WHY THEY WON'T BE CONFUSED INSIDE.
NO, IT'S REAL! IT'S SOMETHING THAT REALLY EXISTED IN THE PREVIOUS TIME.
IT'S NOT THE SAME AS BEWITCHING.
YAKEMU.
I'M AFRAID THAT'S HISTORY. ONLY AN ILLUSION UNDER OUR EYES.

I CAN BELIEVE.

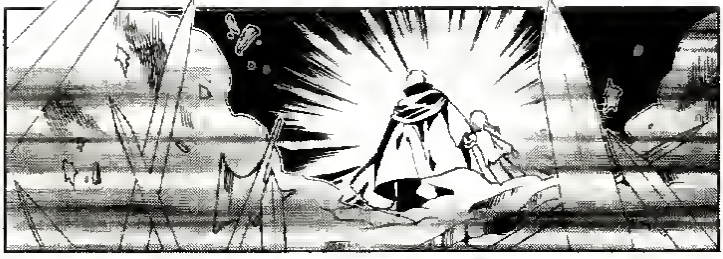


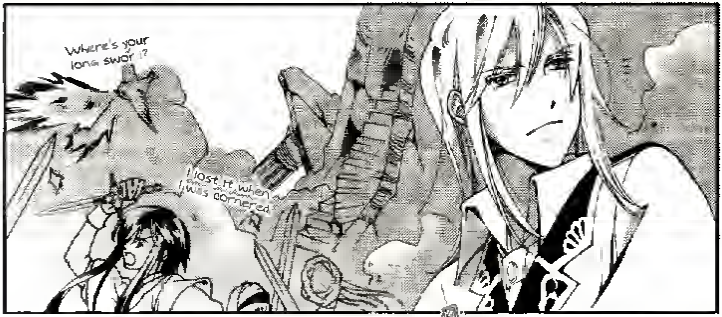
HAHAHA.
YOU'RE THE SAME AS ALWAYS, LEADER.

BUT NOT EVERYONE HAS A WILL SUCH AS YOURS.

A REALITY WITHIN CONTROL
TO ME, THE MOST BEAUTIFUL DREAM IS REALITY.

LET'S FIGHT!





Where's your long sword!?
I lost it when I was cornered.

XING GE

THAT WAS MADE BY YI LUO JIA TO PLAY WITH. IT'S NOT POWERFUL ENOUGH TO KILL PEOPLE.
DON'T WORRY. YOU CAN JUST USE IT AS SOME SORT OF HAMMERING-HITTING WOLF FANG STICK.
NO WAY! HOW CAN I USE THIS? WHAT IF I KILL SOMEONE?
WOLF. WOLF FANG STICK.
IN FRONT OF YOU!!

SFX: Hong Hong Hong
AFTER TRAINING WITH SWORDS FOR 10 YEARS THIS IS THE FIRST TIME I FEEL I CAN DEVELOP MY FULL POTENTIAL WITH THIS WOLF FANG STICK!
HEY, THIS TOY WON'T WORK AGAINST HIGHLY-SKILLED OPPONENTS.
LOW MORALE
The pride of a swordsman is no longer important
SIGH

Leader! Let me change your cup!
Let me clean your crystals!
Let me wipe your mouth!
I'LL DO IT MYSELF!

WELL THEN, DO YOU NEED ME TO ARRANGE A RESCUE?
NO, WE WILL PROCEED AS PLANNED DON'T INTERFERE WITH THE OLD LEADER. THERE WON'T BE PROBLEMS
AS LONG AS "THAT PERSON" IS THERE—

Star Trail
Xing Gui
ENCYCLOPEDIA
BIOGRAPHIES

"The stead! Has four legs the ocean! Is filled with water." This poem tells us that the world we live in is vast, with boundless mysteries. We marvel at the miracles of creations even in the real world we live in, not to mention within the limits of our imagination, with different shapes and colors filled with remarkable elements.

<<Star Trail>> is the Sky's Road>> is with no doubt a world filled with incredible things in various settings where common sense is overthrown. How many more things are there for us to look back on? This time we present the "Character Biography", to see together all these "tools that can breathe". All these are only just the beginning...

★ WOLF OF DEATH

Time of appearance: Chapter 1
Place of appearance: Lunfa country's Bifa forest
Ability: Eat meat. ?

A blood-lusting beast as large as a lion, it suddenly appeared in Bifa's forest which is not its habitat, and attacked Xing Ge. It was killed by Taiweifa using Ling Kong as an alias just as it was about to get its meat, which led to the beginning of all sorts of things for both leads. Therefore it can be said that this doggy — no, beast — linked their fates. Although it was just mixed up in the scene, from another perspective it has contributed much to <<Star Trail>>.

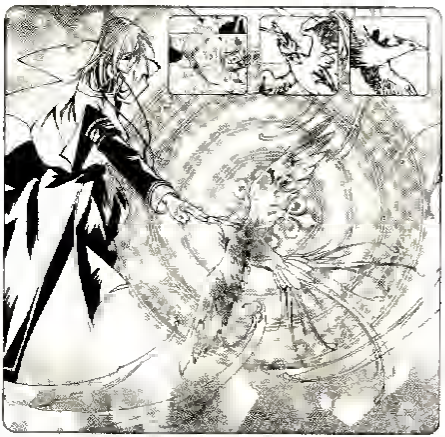
Comment: *Who is treated more unfairly than me! I was trying to show my affections for the female lead~ (Is biting a sign of affection?)*

Translator's Note: Spar can be translated as (1) a light-colored mineral or (2) a distinctive face of mineral.

★ FEATHERS OF SPAR

Time of appearance: Chapter 2
Place of appearance: Lunfa country, House of Baron Di Run
Ability: Becoming large, disrupting, acting as a phone, a safe box and ATM, etc.

It was actually already present in the Chapter 1, just not officially, and only the tip of its feathers can be seen. Because it is Ling Kong's pet, no, evil controller, as a result it is named "Ying Tiao" that is able to strongly bring out the personality of its master.



Its appearance is similar to that of a mini-phoenix, the fact is that it is a fantasy beast of aerial characteristics. Other than the ability of a bird to fly, it has various other abilities that are not known. For example, due to its master's bad personality, it has been influenced to develop a nasty mouth, often bickering or cross-talking. (Are you the little kitty inside the <<Pocket Monster>>?!)
Becoming large and being a transport vehicle are only small cases, being used as a mobile phone and an ATM (I don't even know how this ability is achieved, this is even better than Doraemon) can be called as high-level useful ability. But even if it is a stubborn fantasy beast, being threatened daily by "I should just cook you and eat!" and shaken violently by the neck makes it just a bad-luck duck.

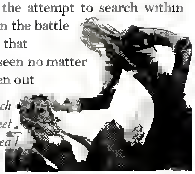
Comment: *What did I do in my previous life to deserve this~ To have met this (*feels Ling Kong's stare shooting at me like daggers*) "good" master. (How sweet!)*

★ EYE OF DESIRES

Time of appearance: Chapter 4
Place of appearance: Fu Yi Holy city, "Ma An Da s guard"
Ability: Cloning, hypnosis, illusion, kidnapping, assassination

A binding servant one of Luo Mo s division Made from the essence of beasts plants' wings tails taro, mixed with souls of the dead and gems, her strong combat power is a reward for the difficult creation process Able to shape shift into human, uses eyes to hypnotize, and able to detect and create illusions of her opponent s deepest desires Once she catches the greed the victim loses his mind and can be controlled hence often used during the battle between the 2 countries to kidnap and assassinate important people

Disguised as dancing lady using pretty shoes to allure the Xing Ge she was stopped by Ling Kong Her clones were exposed in the attempt to search within Ling Kong's heart to turn the battle tides she saw something that she shouldn t have been seen no matter what, and was hence taken out



Comment *No matter which life, I don t ever want to meet such a foolish man whose head only full of food again!*

★ SPACE FOR LEASE

Time of appearance: Chapter 2
Place of appearance: Lun Fa country, Laifeniya's house
Ability: The king of summoning similar spirits?

Mo Yao's 19th generation boss's pet should be a fantasy water beast. It has a long body with wings and the tail of a gold fish... It's too much to say it's a fish, yet it can't be called a snake, so it's a... mudfish? In a completely different relationship with another set of master-servant, it is respectful to its own master, obedient and loyal. This is surely related to the personality of the master... (*being stared at by Ling Kong coldly turns away and pretends not to see it*)

Often used as a performing tool for its master whenever he is disguised as an artiste, it is able to turn into a staff through its master's blood, and summon a powerful spirit. There should be more abilities, but it is not clear now.

Comment: *As one lazy-ass author has not yet given me a name, please call me the nameless one. I hope everyone can give me a name that sounds cool and has a deep meaning... (forget about any names relating to any types of gold...)*

Please write your ideas to "Animation 100" or log on to Manyou (Comic Friends) discussion "Animation 100" topic to participate in the activity for my naming. <<Xing Gui>> awaits your brilliant ideas~~

★ ICE-SNOW QUEEN

Time of appearance: Chapter 8
Place of appearance: Lunfu country's river side
Ability: Maximum ice power it's not an advertisement

An ice-type spirit lord named Fuhyeda who possesses uncomparable beauty and powerful strength. Hopelessly surrounded by the Mo Yao's troops, she was summoned by the 19th Boss. It's believed that it was due to those lonely long years of deep sleep that this headstrong and prideful lady was moved so easily to make a contract with another with just a kiss, lending her powers to the boss, thus, allowing them to escape.

Being <<Star Trail>>'s first high lady role (Who wants to see those singing personality types with bad developments?) look forward to her next, and next, and next appearance!

PS: Why are ice-type spirits always females? It will be such a refreshing feeling to have everyone see a fierce, gruff, ice-type male to appear some time.

Comment: *It will not be a problem for my beauty to be fashionable for the next few centuries (Lady, please don't mimic song lyrics!)*

★ KING OF SHENZHOU

Time of appearance: Chapter 10
Place of appearance: Fuyi castle "Ma An Da's guard"
Ability: Disaster of Ultimate Prison

The only one able to be summoned with taboo incantations, the king of Shenzhou, Kazelaida. Probably due to excessive taboo, there is no concrete image, only shadows can be seen. One can tell what its components are from the contents of the summoning incantations. Anyway, the destruction power of skill "Disaster of Ultimate Prison" is considerably powerful, the result is that with one hit the world can be wiped out. Actually Ling Kong also possesses destructive abilities, and the results are longer lasting and even more annoying. Ah, I didn't say anything!
